

## ICPM-Rotman Pension Governance Education Program (PGE)

Since 2011

### PGE returns September 2023

ICPM and the University of Toronto's Rotman School of Management Executive Programs have designed a unique international board governance program that is specifically targeted to Board members and trustees of pension and other long-horizon investment institutions.

*"Boards and trustees gain so much from a community from which they can learn international perspectives on challenges faced by pension funds around the world."*

**Rob Bauer**  
Academic Director

*"The program offers effective research, practical solutions, group networking, training sessions and access to skilled professionals, both academic and business, to guide the learning."*

**Bob Scheuber** Board Chair,  
QSuper (Australia)

*"The Rotman ICPM board governance program gave me new insights both from the academic presentations and the stimulating case study discussions. Here in Sweden, I have started to implement some ideas to increase the efficiency of the board that I chair."*

**Urban Karlstrom** Board Chair,  
Forsta AP-Fonden (Sweden)

*"[This] was one of the best educational courses we have participated in thus far. We look forward to sending other CalSTRS Board members in the future."*

**Sharon Hendricks** Board Vice Chair,  
CalSTRS (United States)

The **3.5 day curriculum** will be led by a high-quality team of top academics and renowned practitioners. Content reflects the top priorities and challenges facing Board members and trustees of long-horizon investment institutions today.

Networking events, case studies, group discussions and team assignments ensure dynamic interactions among participants throughout the program, which foster global pension sector contacts that remain long after the program.

**Consider integrating the PGEP as a valuable step for your incoming Board or Committee chairs.**

#### Key strategic areas

- Good governance of pension organizations and investments
- Boardroom dynamics
- Responsible investment
- Public and private investments
- IT and cybersecurity risk
- Effective member communications
- Global challenges facing pensions
